ASSEMBLY INSTRUCTIONS

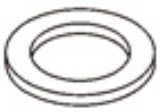

BEFORE BEGINNING THE ASSEMBLY PROCESS
■Please read all instructions carefully.
■Read and follow all safety precautions (see "SAFETY PRECAUTIONS").
■Familiarize yourself with all parts, components, or pieces (see "CONTENTS"), and confirm that none are missing or damaged.

SAFETY PRECAUTIONS
Warning

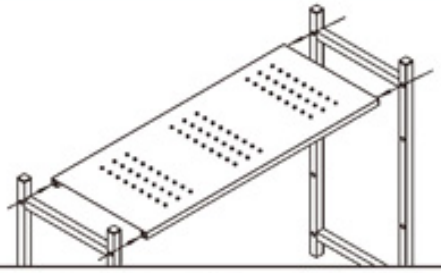

■We strongly suggest the active assistance of at least one other adult person during the assembly process in order to ensure correct and safe assembly.
■Please make sure to assemble the rack facing upward in case of water leakage.
■This unit contains small parts which could be a choking hazard for small children. Children should always be under adult supervision, or serious bodily injury may occur.
■Always unload the unit prior to moving. The weight of personal belongings can cause the unit to become unstable and either tip or collapse. Serious bodily injury and/or damage to personal belongings may occur.
■Do not overload the unit. If any shelf, top, or bottom of the unit bows or bends, it is overloaded. The shelf, top, or bottom may collapse and cause serious bodily injury and/or damage to personal belongings.
■Do not climb or step on the unit. The unit may become unstable and either tip or collapse. Serious bodily injury and/or damage to personal belongings may occur.
■Do not mount or attach anything to the sides, rear, or front of the unit, as this can unbalance it or cause the unit to tip over. Serious bodily injury and/or damage to personal belongings may occur.
■We recommend you protect your work surface during assembly, so as to prevent scratching or damage to table tops, wood floors, etc.
■Please do not return this product to any retail store. For product assistance and warranty information, contact online customer service.

CONTENTS
Package Includes

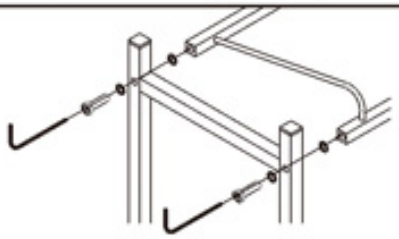

①	②	③
		
Steel Arm x2	**Top Shelf x1**	**Steel Beam x3**

④	⑤	⑥	⑦
			
Screw x16	**Screw Gasket x32**	**L-Wrench x1**	**Rubber Foot x4**

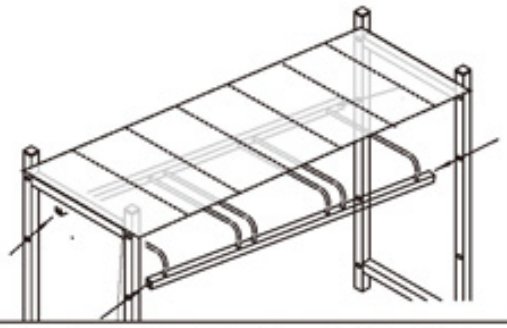

Steps

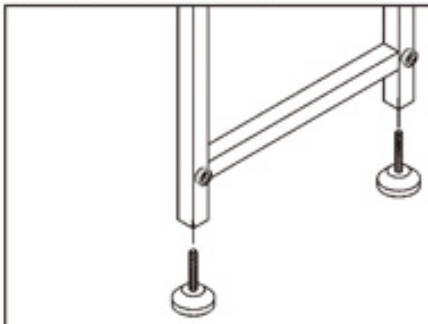

1. Put the Top Shelf② between the two Steel Arms①. Align the Top Shelf② with the holes on the Steel Arm①.

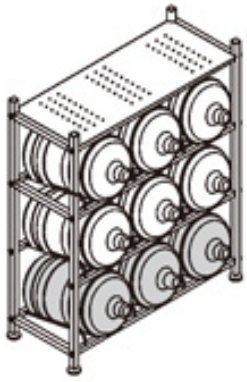

2. Place the Screw Gaskets⑤ on each side of the Steel Arm①, each matched with a Screw④. Use the L-Wrench⑥ to fasten the screw into the holes in the Top Shelf② and the Steel Arm①.

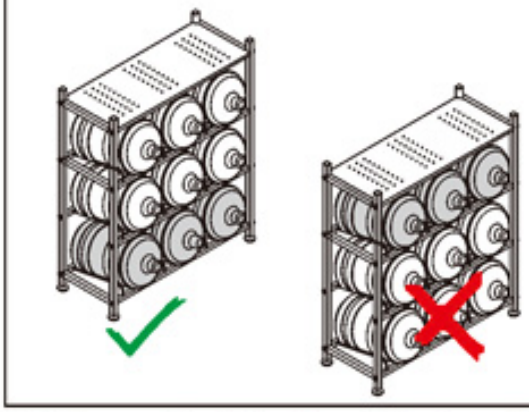

3. Put each Steel Beam③ between the two Steel Arms ①. Align the Steel Beam③ with the holes on the Steel Arm① Repeat Step 2 to fasten the screws.

4. Stand the Water Jug Rack upright. Partially fasten the screws for the Rubber Feet⑦ into the bottom of the Steel Arm①, but do not yet fully screw the Rubber Feet⑦ tight.

5.Adjust the balance of the Water Jug Rack. Adjust the Rubber Feet⑦ until the Water Jug Rack stands balanced, then fasten the screws in the Rubber Feet⑦. The top shelf is designed to accommodate countertop water dispensers, water bottles, coffee cups, potted plants, decorations, and more.

Note: Please put the full bottles on the bottom of the shelf and the empty bottles on the top, so as to ensure safety.
