INSTALLATION INSTRUCTIONS

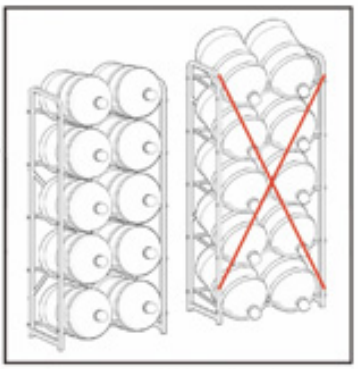

BEFORE BEGINNING

- Please read all instructions carefully.
- Follow all safety precautions(see "SAFETY PRECAUTIONS").
- Familiarrize yourself with all parts(see "CONTENTS") and check quantities.

SAFETY PRECAUTIONS
Warning

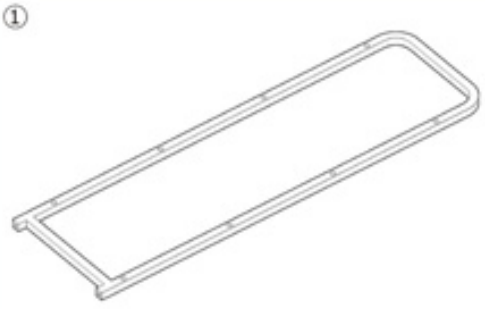

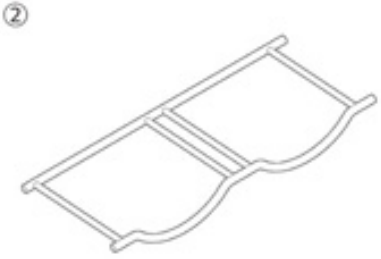

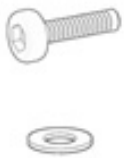

- We suggest two people cooperate during the installation.
- Please make sure to install the rack upward in case of water leakage.
- This unit contains small parts which could be a choking hazard for small children. Children should always be under adult supervision or serious bodily injury could occur.

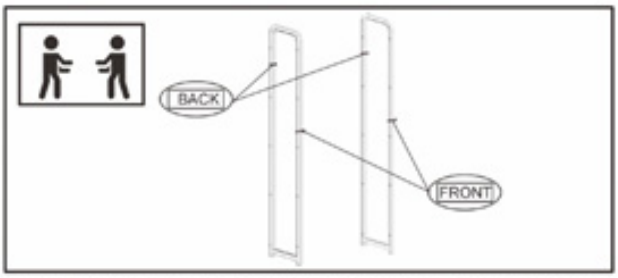

- Always unload the unit prior to moving the unit. The weight of personal belongings can cause the unit to become unstable and either tip or collapse. Serious bodily injury and/or damage to personal belongings may occur.
- Do not overload the unit. If any shelf, top, or bottom of the unit bows or bends, it is overloaded. The shelf, top, or bottom could collapse and cause serious bodily injury and/or damage to personal belongings.
- Do not climb or step on the unit. The unit may become unstable and either tip or collapse. Serious bodily injury and/or damage to personal belongings may occur.
- Do not mount or attach anything to the sides, rear or front of the unit as this can create a force that can cause the unit to tip. Serious bodily injury and/or damage to personal belongings may occur.
- We recommend you protect your work surface during assembly to prevent scratching or damage to table tops, wood floors, etc.

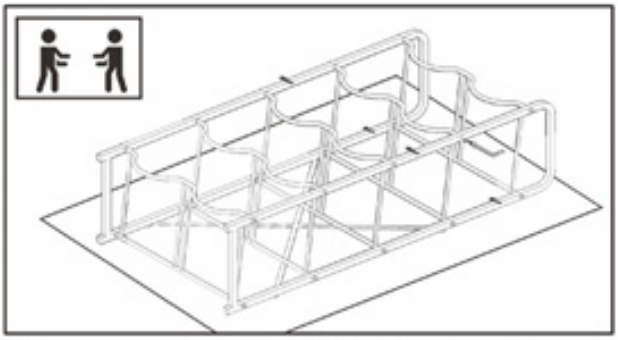

CONTENTS
Package Included

①  Steel Arm ×2	②  Steel Beam ×5			③  M8 Screw x 20 M8 Screw Gasket x 40
④  M8 L-Wrench x1	⑤  M6 L-Wrench x 1	⑥  Rubber Foot ×4	⑦  X-shaped Rear Frame x1	⑧  M6 Screw x 4 M6 Screw Gasket x 8 Bolt x 4

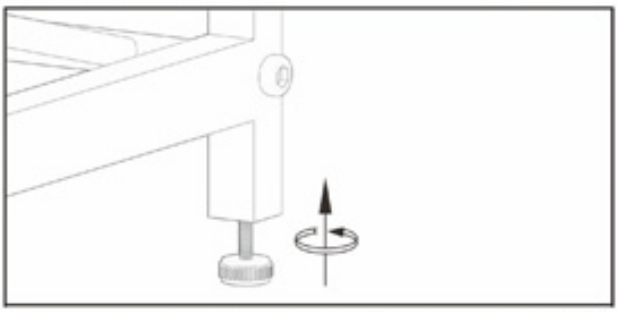

Steps

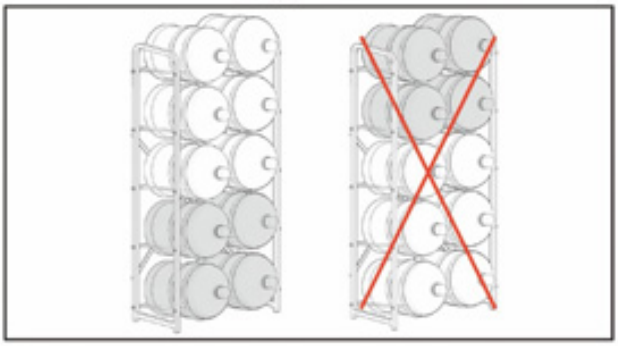

Note: There are stickers for indication on the front and back of the two Steel Arm① .Please match the fronts and the backs of the Steel Arm①.Don't invert the front and back.

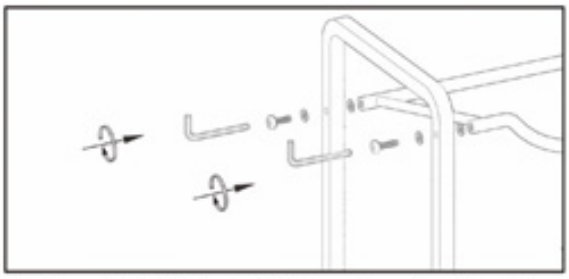

2. Please place the shelf horizontally on the ground for installation. Connect all Steel Arms① and Steel Beams② with M8 Screws and M8 Gaskets③, ensure that each hole has screwed and tighten all M8 Screws with M8 L-Wrench④ at last.

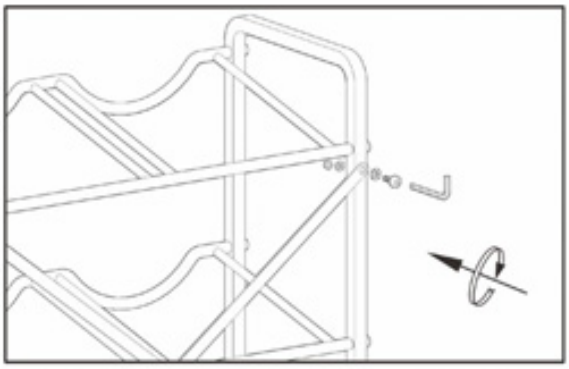

4. Put the Water Jug Rack upright. Twist the screws ofthe Rubber Feet⑥ to the bottom of the Steel Arm①.but do not screw the Rubber Feet⑥ tight now.

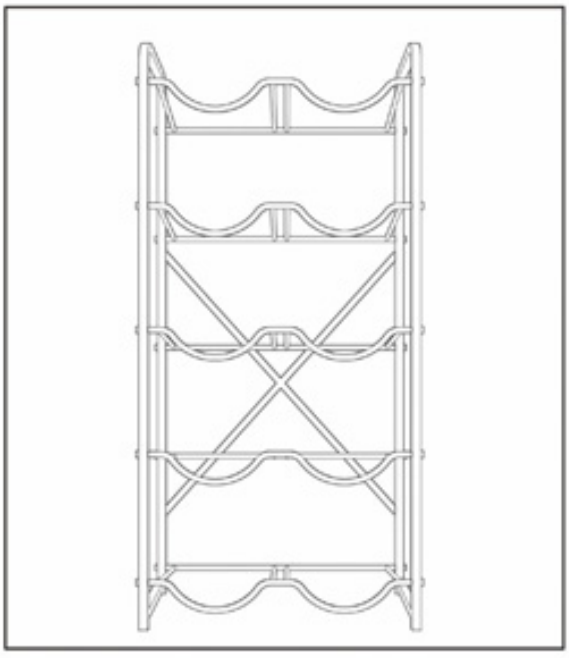

Note: Please put the full bottles on the bottom of the shelf and the empty bottles on the top for safety

1. Put each Steel Beam② between two Steel Arm①. Align Steel Beam② with holes on the Steel Arm①.

3. Put the X-shaped Rear Frame⑦ on the back of the Steel Arms①. Place 1 M6 Screw Gaskets⑧ between the X-shaped Rear Frame⑦ and the M6 Screw⑧ and the other 1 M6 Screw Gaskets⑧ between the X-shaped Rear Frame⑦ and the Bolt⑧. Use the M6 L-Wrench⑤ to tighten all M6 Screws into the Bolts⑧ .

5.Adjust the balance of the Water Jug Rack. Adjustthe Rubber Feet⑥ until the Water Jug Rack is balanced, then fix the screws of the Rubber Feet⑥.
