INSTALLATION INSTRUCTIONS

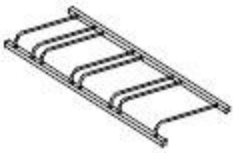

BEFORE BEGINNING

- **Please read all instructions carefully.**
- **Follow all safety precautions(see "SAFETY PRECAUTIONS").**
- **Familiarrize yourself with all parts(see "CONTENTS") and check quantities.**

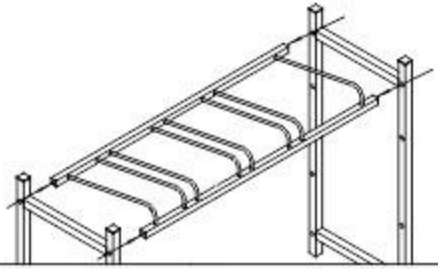

SAFETY PRECAUTIONS
Warning

- **This unit contains small parts which could be a choking hazard for small children. Children should always be under adult supervision or serious bodily injury could occur.**
- **Always unload the unit prior to moving the unit. The weight of personal belongings can cause the unit to become unstable and either tip or collapse. Serious bodily injury and/or damage to personal belongings may occur.**
- **Do not climb or step on the unit. The unit may become unstable and either tip or collapse. Serious bodily injury and/or damage to personal belongings may occur.**
- **Do not mount or attach anything to the sides, rear or front of the unit as this can create a force that can cause the unit to tip. Serious bodily injury and/or damage to personal belongings may occur.**
- **We recommend you protect your work surface during assembly to prevent scratching or damage to table tops, wood floors, etc.**
- **Please do not return product to the retail store. For product assistance and warranty information contact customer service through buyer message.**

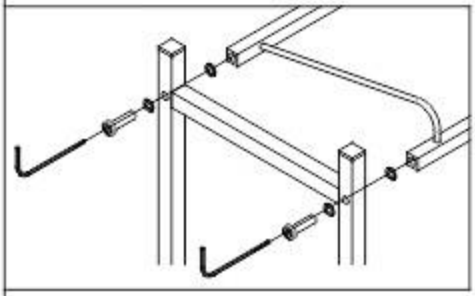

CONTENTS
Package Included

① 	② 	③ 
Steel Arm ×2	**Steel Beam ×4**	**Screw ×16**
④ 	⑤ 	⑥ 
Screw Gasket x32	**L-Wrench ×1**	**Rubber Foot ×4**

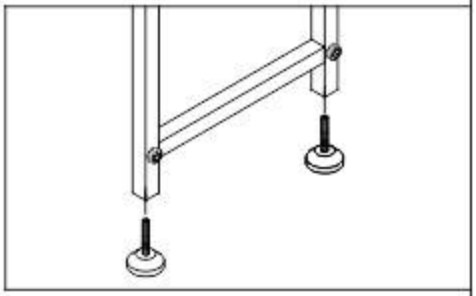

Steps

1. Put each Steel Beam② between two Steel Arms①. Align Steel Beam② with holes on the Steel Arm①.

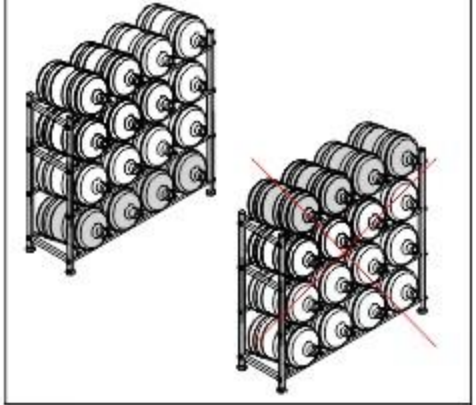

2. Place 2 Screw Gaskets④ on each side of the Steel Arm① between each Screw③. Use the L-Wrench⑤ to revolve the screw into holes of the Steel Beam② and the Steel Arm①.

3. Put the Water Jug Rack upright. Twist the screws of the Rubber Feet⑥ to the bottom of the Steel Arm①, but do not screw the Rubber Feet⑥ tight now.

4. Adjust the balance of the Water Jug Rack. Adjust the Rubber Feet⑥ until the Water Jug Rack is balanced, then fix the screws of the Rubber Feet⑥.

Note: Please put the full bottles on the bottom of the shelf and the empty bottles on the top for safety.
